

BADIA RESEARCH & DEVELOPMENT CENTRE		FIELD UNIT	E3
Principal Topic:	DOMESTIC WATER USE		
Location:	Home		
Related Topics:	<ol style="list-style-type: none"> 1. Water supply 2. Agriculture 3. Settlement 		
Questions:	<ol style="list-style-type: none"> 1. What do we use water for in the home? 2. How much water do we use per family? 3. How does this compare with other parts of the world? 4. Could we save on water use? 		
Hypotheses:	<ol style="list-style-type: none"> 1. Water is used in far more items and processes than we realize. 2. We use in excess of 50 litres/family/day (UK = 500lfd) 3. We use far less than west Jordan but more than the South. 4. The family could make savings on water 		
METHODS:		EQUIPMENT:	
<ol style="list-style-type: none"> 1. List all items and processes that use water in the home. 2. Attempt to assess the quantities used. 3. Compare results with other schools in Jordan and abroad. 4. Consider savings and compare with other schools. 	Internet		
NOTES:			
Involve family and friends in this discussion and comparison with places abroad.
